Phone: (585) 975-9219

Base of Operations: Brooklyn, New York

First Appearance: AMAZING MARVELS #15, October 1980

Work History

MCD Partners (March 2015-ongoing)

Freelance front-end web development for online banking projects deployed with Grunt + Handlebars.js.

Ars Nova (2009-ongoing)

Began with a relaunch built for Joomla, then progressed in 2013 as a Wordpress-powered site with an updated design. Frequent projects include special event sub-sites as well as ongoing development for current and upcoming shows.

arsnovanyc.com

Electric Orange (2011-ongoing)

Projects for clients include Wordpress development, template building, shop creation and management (Shopify, Volusion, Wordpress), and web-based design work.

Slick It Up (2009-2014)

Relaunched company's online store twice, first with a custom template built for Joomla, then again in 2014 in Magento with a completely new design.

slickitup.com

Mirror NYC (2010-2011)

Miscellaneous projects including Wordpress development, e-commerce solutions, as well as general front-end and database troubleshooting.

Did You Know: Adam has also worked extensively as a videographer and editor thanks to his studies in New Media at SUNY Purchase. He has also worked at Williamsburg's Videology for almost seven years, where he was a bartender, host, coordinated events, and managed their movie rental business, in addition to offering extensive tech support across the board!
